### New braces this summer?

It might be hard to believe when you look out of the window, but summer is almost here!

If you are planning on having your braces placed before your summer plans kick in, or after school ends, you need to schedule your appointment with our office soon. Spaces fill up quickly for these longer than usual appointments – particularly at the beginning of the school break, or just before school goes back in the fall.

Tip: schedule a routine dental cleaning with your hygienist before your appointment with us, so that your teeth are in the best possible shape before your braces go on. Call our office today to be sure to get a time that works best for you.

### Parking issues

Unauthorized all day parking outside our building is frustrating for us all. We have voiced our concerns to Village Square property management and they are working hard to make sure our patients have a place to park.

Signs have been posted and building employees will soon receive permits to hang in their cars. A 2 hour parking limit will be strictly enforced and any vehicle parked beyond that time will be ticketed and possibly towed. We anticipate that this will discourage unauthorized parking and help us all with the situation.

Thank you for your patience.

# New Faces... when you get your Braces...

A passionate dental professional, Alisha Prescott's industry knowledge and experience is diverse and well-rounded. In addition to orthodontics, Alisha has more than a decade of experience in general practice, pediatric and cosmetic dentistry. As a Treatment Coordinator, Alisha will focus on welcoming new patients to our office and ensuring each patient is well acquainted to the orthodontic process from start to finish.

Growing up in the Snoqualmie Valley, Alisha now resides in Issaquah with her husband, Greg.

Away from the office, Alisha is an avid outdoor enthusiast who enjoys skiing, running, hiking and biking. Alisha's other passions include travelling, enjoying food and wine, and frequent visits to Marymoor Park with Murphy the Golden Retriever.

Alisha contributes to multiple organizations including past work with Mission of Mercy to provide access to dental care, Expanding your Horizons which exposes women to pursue STEM degrees, as well as dozens of opportunities to speak in front of students on the importance of dental hygiene.

Please join us in welcoming Alisha to our team!
